

Chief Furasek,

While on duty Monday, Velora dropped off a copy of the inclosed letter and a cake for the Crews of E3 and M3. I verified the Shift and Crew members she was so appreciative of. The members on duty that day were:

E3- Dave , Jeremy , and JD t. M3 - Jim and Sten ..

I thought this was a very nice letter and though it should be made available to you. She told me this is the same letter she was sending to Mayor Seng. I plan to present each of these crew members with a copy of this letter and let them know that what they do makes a difference. If you like, feel free to share this with Chief Wright. Contact me with any questions or comments you may have.

Thank You,

*Captain Dave*

I would like to thank you for saving my life. You were here in less than 5 minutes after the 911 call. I will never forget how professional, efficient, and caring you were. I was in the process of a heart attack. When I got to the hospital, they immediately put in a stint. I was 99% blocked on my main artery, 95%, 90% and 65% on other arteries. I overheard I was saved by not driving and being brought in by the ambulance. I can never thank you enough. You are all the greatest. God bless each and every one of you and have a very Merry Christmas and a Happy New Year.

Sincerely,
